## Introduction

Aluchrome Industries is a leading vacuum metalizing service company that specializes in delivering high-quality and innovative surface coatings to various industries. With a commitment to excellence, cutting-edge technology, and a customer-centric approach, Aluchrome Industries has established itself as a pioneer in the art and science of vacuum metalizing.

## Founding and History

Founded in 2019 by a team of visionary engineers and surface coating experts, Aluchrome Industries was born out of the desire to revolutionize the way surface coatings are applied in Indonesia. The company's founders recognized the immense potential of vacuum metalizing technology and set out to build a company that would redefine the aesthetics, durability, and performance of coated surfaces.
